75 Evening Waists, \$

Yes, the original price of one or two was nearly double \$8.98, but the average value is from seven to nine dollars each.

Taffeta, Peau de Cygne and Silk Chiffon Waists, trimmed with lace; also a lot of very pretty Jap Silks.

About 75 garments in the lot-various styles, in white, light blue, lavender, pearl gray and pink. Odd sizes in each style, but a full line of sizes in the lot.

The Waists are slightly soiled or mussed from display. We've added to this lot some new, White Net Waists, with a square yoke of Baby Irish.

It's an opportunity that does not occur often of securing a handsome evening Waist at such a low price.
